### ABOUT THE AUTHORS

Greg McHone's higher education was at the University of Vermont in Burlington (B.A. and M.Sc), and the University of North Carolina at Chapel Hill (Ph.D.). He has been an exploration geologist, assistant professor, college administrator, independent consultant, and science writer. Nancy McHone has degrees in anthropology and library science from Indiana University, a master's degree in interdisciplinary science from Wesleyan University, and extensive coursework in geology. She has been a science librarian, educator, government geologist, and now creates natural jewelry in a small business. They moved from Connecticut to North Head on Grand Manan in January of 2008.
